				<i>Therapeutic Circle available 5 days a week. Individualized Programming</i>	<i>NHC Ice Cream Parlor Open Monday-Friday 9AM-4PM</i>	<i>Cards, Books, Stationary Supplies & Magazines offered daily in Recreation Department.</i>

Alex Sellars, our former administrator, came to us from South Carolina five years ago. He fully immersed himself into his job and exceeded all of our expectations. He was more than just an administrator; he became family to not only the residents but to staff, as well. During his time here as administrator, he would always be sure to ensure that staff knew how thankful he was for the work that was done, no matter how easy or tedious the job was. He was thankful. Alex has a good spirit and the residents know that. That's why they love him so much. He told us that he had an opportunity to work at a facility that is much closer to his family. He struggled greatly with his decision to accept the job, but with a wife, and a baby on the way, moving closer to family was a decision he felt compelled to make. The staff and residents gathered together for his farewell party. We had cake and punch, and also gave Alex a goodbye gift; something to remind him of his "home away from home." We gave him a tile that outlines specific buildings in the small town of Kennett. Hopefully, he will put it up on his desk, in his new office and we hope that he will never forget his first "Gig" as an Administrator. Upon his departure, he expressed his gratitude to the staff and residents here in the facility that he grew to love like family. He thanked the staff for always being there for him and for even going as far as buying him furniture when he first moved here. It was an emotional farewell that had everyone in tears. He became part of our family here at NHC Kennett, and we will all miss him very much.
